September 2011

Dear Business Partner,

St. Francis-St. James United School is a neighborhood Catholic school located in the West 7th Street area of St. Paul serving students in grades K-8. We are proud of our 125-year-old contribution to the life of our community.

We offer a strong academic program, creative curriculum, state of arts technology lab, a highly praised fine arts program and a Friday afternoon electives program. Recent classes have included: Digital Photography, Sign Language, School Newspaper, Video-Photography and School Yearbook.

As the cost of an education continues to rise, we need to rely on fund raising to help us meet our very tight budget. Our most successful event occurs each spring, which is a Dinner-Silent and Live Auction Event. We look to our community businesses for donations as well as our parents and parish members. Each donor will have the opportunity to be recognized at the event and all donations are tax deductible. Please consider making a contribution to our auction, and better yet join us on February 18, 2012.

Thank you for your consideration. Your gift can be in the form of merchandise, services or gift certificates. If you have any questions, please call:

Linda Prazak @ the school office 651-228-1167

Our schools' Federal tax ID is: 41-1668805

Thank you,  
St. Francis St James United School

#### Mission Statement

St Francis St James United School is a living faith community. Under the guidance of the Holy Spirit, we endeavor to provide an environment in which each child can grow Spiritually, morally, intellectually, socially, aesthetically and physically
